The Approach

How did you select this vendor and what were the deciding factors?

I valued the approach to our initial consultation and their degree of communication.

Describe the scope of work in detail, including the project steps, key deliverables, and technologies used.

We had a kick-off meeting, where they listened to my vision. Then, they created a detailed mock up. I provided my feedback and we went into direction.

How many people from the vendor's team worked with you, and what were their positions?

I am not sure.

The Outcome

Describe their project management style, including communication tools and timeliness.

They were responsive and effective.

What did you find most impressive or unique about this company?

The personnel make the company.
